25 Year Journey of Infinity Foundation

In this lecture delivered at the Waves Conferences in Dallas, Rajiv Malhotra gives an overview of his journey in Infinity Foundation over the last 25 years.

- As a philanthropist, funding the academia
- As a scholar producing his own scholarship
- As an Institution builder, developing a Swadeshi School of Thought.

Infinity Foundation started out by funding top academic institutions like Harvard, Princeton, Columbia, and many others. One of the outcomes of this was that it helped understand the inner workings such institutions and their unwillingness to explore ideas outside the mainstream narrative.

This motivated Rajiv to produce his own scholarship and he became a very successful research author, challenging many established intellectual equilibriums concerning India. Rajiv then talks about how things stand today and about his quest to develop a new indigenous school of thought which next generation of scholars can build upon.

Rajiv describes how the latest challenges are on account of insiders who are emotional rather than competent. He concludes by suggesting the way forward. Video: [1](#), [2](#), [3](#), [4](#), [5](#)

Hindu Lives Matter

In this very important series under #HinduLivesMatter, Rajiv Malhotra explores the sad plight of Hindus as minorities in different countries. Minority Hindus face severe persecution, often state-sponsored. Yet such incidents are not reported in main-stream media, either in India or abroad.

Indian Grand Narrative

Rajiv Malhotra and Mohandas Pai engage in an animated discussion on what it means to have a grand narrative for India with special focus on

how Breaking India forces operate in various domains to fragment and break down this grand narrative. They discuss how the Breaking Indian forces deny the existence of any overarching grand narrative and prefer a balkanized India. They talk about some of the strategies used to create conflicts and sub identities which is then exploited to create a divisive narrative. [Video](#)

Vakyartha Sadas

Vakyartha Sadas are events where traditional scholars of Shastras engage in scholarly debate on various issues pertaining to Indian knowledge systems. One such event was organized during the Second Swadeshi Indology conference in Feb 2017 at Indira Gandhi National Centre for the Arts.

Senior scholars of Madras Sanskrit College debated and responded to the various positions propagated by eminent Western Indologist Sheldon Pollock, by deconstructing and exposing flaws in his arguments. Eminent Sanskrit scholar Professor A.S Aravamudan summarized the proceedings.

The entire debate was in Sanskrit and these powerful, path-breaking, innovative series of videos have now been made available along with English subtitles.

In a special address, Brahmasri Mani Dravid Sastry speaks in Hindi on the nature of traditional pedagogy.
