Breaking Nepal Forces

In this interesting discussion, Rajiv Malhotra and Tejendra G C discuss breaking Nepal scenario and how this could become a potential nightmare for India.

They discuss how Nepal's monarchy was thrown out by Maoists, and Evangelists helped this in the name of human rights. India played a pivotal role to topple the monarchy, and later imposed a blockade on Nepal. China stepped in to fill the vacuum, and then the US started trying to counter the Chinese influence.

They talk about how Gurkhas are being wooed by China for their mountain skills, about how Saudi & Qatar funding of mosques and

madrassas in southern Nepal near Indian border is Islamizing the villages.

The Indo-Nepal border is not being managed, and is open for trouble. India is missing in Nepal's power structure after having been the dominant power for centuries. [Video](#).
